FREE MEDICINE FOR CATARRH

If You Suffer from this Loathsome and Dangerous Disease, Your Name and Address Will Bring to You Our Catarrh Medicine FREE.

We are specialists in the treatment and cure of Catarrh. We know that we have the right treatment for Catarrh and we are going to prove it. We want to prove it in the quickest possible way; therefore we make this offer of one month's Catarrh medicine FREE. After carefully reading the symptoms enumerated below, write us indicating those you feel in your case, and upon receipt of your letter with name and address, we will send you one full month's treatment FREE.

Now we will tell you why we can afford to make you this liberal offer. Ours is not a "cure all" nostrum, such as is dealt out to all alike, independent of age, temperament or condition, but instead is a scientific course of medicine prescribed to meet the individual requirements and special needs of each individual case, and it has proven successful in so many cases that have tried numerous so-called Catarrh cures with little or no benefit, AND WE BELIEVE IT WILL CURE YOU. It is cheaper for us to give a month's medicine free, knowing that thousands will take advantage of this generous offer, and thereby quickly spread to their friends and relatives the efficiency of our method, than it would be to wait patiently for years in the old way to have this grand treatment become famous; therefore seeming generosity is really economy.

LOSS OF SIGHT, DEAFNESS,

and many other afflictions find their origin in the Catarrh poison lurking in the system and cannot be cured until this primary cause is removed.

READ CAREFULLY the Following Symptoms

EYE Do your eyes water, do they itch or burn; does matter accumulate in the corners of eyes during sleep; is vision impaired; are the eyelids inflamed or granulated? If so you need our treatment.

EAR Catarrh extends from the throat along the Eustachian Tubes into the ears, frequently causing partial or complete deafness. Is your hearing falling; do your ears discharge; do you hear better some days than others; do you have roaring or cracking or other noises in your head? If you hear any or all of these symptoms you need prompt treatment.

NOSE AND THROAT This form of Catarrh is most common, resulting from neglected colds. Is your nose tender or stopped up; does dry in the morning; do you sleep with your mouth open? Now is the time to be cured—do not delay, thus allowing the trouble to become complicated and deep seated.

BRONCHIAL TUBES When Catarrh of the head or throat is neglected or improperly treated it frequently extends down the wind-pipe into the bronchial tubes and in a short time may attack the lungs. Have you a cough; do you take cold easily; have you pain in the side; do you raise frothy matter or spit up little cheesy lumps; are you growing weaker? It is dangerous to neglect these warnings. Stop the disease before it becomes too late.

STOMACH Catarrh of the stomach is due to swallowing mucus which drops from the head and throat during sleep. Do you suffer from nausea, or belch up gas after eating; is there a constant bad taste in the mouth; have you a foul dis-tongue coated; do you vomit or spit up your food? If you neglect these symptoms you will regret it.

LIVER DISEASE The liver is frequently affected by Catarrhal poisons carried down from the stomach through the ducts into the liver. Do you get flashes; easily discouraged; rumbling in the bowels; constipated; sallow skin? If you have any of these symptoms prompt treatment is necessary.

KIDNEY DISEASES may result by taking cold, or by overworking the kidneys in separating the Catarrhal poison which may affect any organ. Do your hands and feet swell; do you notice it more at night; is there a pain in the small of the back; has the perspiration a bad odor; is there puffiness under the eyes; do you have to get up during the night; do you notice sediment, mucus or a "brick dust" deposit? Watch out for Bright's Disease and Diabetes.

NERVOUS DISEASES The majority of nervous diseases are caused by poisons in the system. Is your mind dull; are you easily excited; does your heart flutter; do your muscles twitch; are you irritable; suffer from sleeplessness; get up as tired as when you went to bed; suffer from Neuralgia; have bad dreams; have you gloomy forebodings and always a feeling that something is going to happen? To delay treatment is dangerous.

Remember, send only your name and address, no money, and without delay, you will receive one month's medicine free for your particular case, also a large illustrated book, which contains much valuable information. It explains how to get well and how to keep well, and should be in every home. Address
